# Sheep Trail-Pyramid Mines Company

Subscriptions for the stock of this company have been coming in faster than we anticipated. We have decided to put the stock on the New York Curb about two weeks earlier than we have advertised.

SUBSCRIPTION BOOKS WILL BE CLOSED ANY MINUTE WITHOUT NO-TICE TO THE PUBLIC.

From the way subscriptions are coming in, we firmly believe this stock will go to 70 cents a share on the curb the first week of trading.

Do you remember when we put RAY PORTLAND out at 50 cents a share and within two weeks from the time that it first was traded on the New York Curb it rose to a high of \$3.00 a share?

Subscriptions for the stock of the SHEEP TRAIL-PYRAMID MINES COMPANY have doubled the subscriptions for Ray Portland, and, therefore, the possibilities, in our estimation, are even greater than that which have occurred in RAY PORTLAND.

Send in your order for the subscription stock at 50 cents a share before it is too late. This company is not a prospect, but a mine which has produced over one million dollars' worth of gold and silver, and it is in close proximity to the UNITED EASTERN MINE, which stock is selling on the New York Curb today at around \$4.00 a shore.
